WELCOME

OCEAN PARTNERSHIP FOR CHILDREN, INC. (OPC) IS A PRIVATE, NON-PROFIT COMMUNITY-BASED AGENCY SERVING CHILDREN WITH BEHAVIORAL, EMOTIONAL, SUBSTANCE ABUSE, LEGAL ISSUES AND/OR INTELLECTUAL/DEVELOPMENT DISABILITIES ALONG WITH THEIR FAMILIES. OPC SERVES CHILDREN UP TO 21 YEARS OF AGE. THE CONTRACTED SYSTEMS ADMINISTRATOR FOR THE STATE OF NEW JERSEY, PERFORMCARE, COMPLETES A REVIEW FOR CLINICAL NECESSITY AND IS RESPONSIBLE FOR REFERRING TO OCEAN PARTNERSHIP FOR CHILDREN.

There is no charge to participate in services through Ocean Partnership for Children. You will be required to complete a Medicaid application as a part of your enrollment, and in doing so, your family may be found eligible for full Medicaid, or as a secondary insurance to your primary. If you are not found eligible for full Medicaid, you will automatically qualify for special mental health coverage that will cover the cost of certain behavioral health services that may supplement your private insurance benefits.

We provide short-term (6-9 months) service planning and care coordination for youth and children with complex needs to stabilize them at home, in school and in their community through:

- An Individualized Service Plan (ISP)
- Flexible services
- Promotion of family and youth voice
- Strength-based wraparound philosophy
- Utilizing formal, informal, and natural supports
- Linkage to community based resources

MISSION, VISION, & VALUES

■ OUR MISSION

The mission of OPC is to enhance the well being of youth and their families through natural and community supports.

■ OUR VISION

Ocean Partnership for Children envisions a totally accessible, individualized, family-friendly system of care for youth and their families, one that offers the highest quality supports with unconditional care and sustainable success.

■ WRAPAROUND VALUES

Wraparound is an intensive, holistic method of engaging individuals and their families with complex needs so they can live in their homes and communities and realize their hopes and dreams. The goal is to keep the process team-driven so the entire Child and Family Team (CFT) can support the family in reaching their vision, while helping the youth and family meet needs with natural supports, instead of services, whenever possible. This is achieved through partnerships and integration with community resources, whereby families can be helped to achieve independence and the ability to link to their own services and community organizations when needed. Once achieved, families may be transitioned from OPC to continue their stabilization with community supports.

OCEAN PARTNERSHIP FOR CHILDREN'S STATEMENT ON DIVERSITY, EQUITY, & INCLUSION

Diversity. Equity. Inclusion. They are more than just words for us at Ocean Partnership for Children (OPC). They are the definitive principles that guide how we serve youth and families, cultivate community relationships, and create an agency where everyone, regardless of gender, race, gender identity, ethnicity, religion, national origin, age, sexual orientation, education, disability, citizenship, veteran status, or other dimension of diversity, feels welcome, valued, and respected.

We are committed to developing an agency and community where all individuals feel safe being present as their authentic, whole selves and to challenging those systems, institutions, and practices that do not support this goal.

We strive to educate and foster equal opportunities that promote growth for all while ensuring every individual is included and has a voice.

At OPC, we find that when we listen and celebrate what is both common and different, we become wiser, more understanding, and more capable of change.

Diversity.

Equity.

Inclusion.

WHAT TO EXPECT

CHILD & FAMILY TEAM PROCESS

The Child and Family Team (CFT) represents a crucial part of the support process. The team helps the family learn to help itself. Team members lend their support to the child/ youth and/or the family in many ways. Your assigned Care Manager will facilitate meetings called Child and Family Team Meetings (CFT) every 60-75 days. The CFT will meet and develop an individualized wraparound plan that helps the family find ways to meet their short and long term goals.

TEAM MEMBERS & NATURAL SUPPORTS

The Care Manager will help the family identify a team consisting of individuals who know the family best, and who are willing to make a commitment to do whatever it takes to help them achieve positive outcomes. This team will consist of the youth/child, caregiver, the Care Manager, formal service providers such as therapists and in-community providers, school personnel and natural or informal supports, like family, friends, neighbors, coaches, spiritual leaders, etc. Everyone on the team makes a commitment to do whatever it takes to help the family reach their goals.

COLLABORATION WITH THE FAMILY SUPPORT ORGANIZATION

As part of New Jersey's Children's System of Care every family enrolled with OPC will also be matched with a Family Support Partner (FSP) through the Family Support Organizations. FSPs are parents and guardians of children that may have experienced similar challenges. They have experienced many trials and tribulations in trying to help their children, and those insights, experiences and courage consistently prove helpful to other families in similar situations.

WHAT TO EXPECT

FAMILY CRISIS PLAN

The team also discusses what will be done if a crisis occurs and who can help resolve the crisis.

- During the first initial contact a temporary crisis plan will be created for the family.
- This crisis plan will provide the family with strategies to use in the event of an emergency.
- The crisis plan will be updated as needs change.
- The crisis plan is designed so that over time it will help the family prevent the triggers which can create emergency situations.
- OPC offers 24 hour/7 day on call telephone urgent support at 732-202-1585.
- As always, if the safety of the child/youth is in question, caregivers should call 911 or PESS.

STRENGTHS AND NEEDS ASSESSMENT

The Strengths and Needs Assessment (SNA) is a tool completed prior to every CFT meeting, that will drive the Individual Service Plan (ISP). The SNA assesses Strengths, Needs, Abilities, & Preferences:

- Strengths & Abilities will be identified and used as strategies to accomplish the needs of the Individual Service Plan.
- Needs are identified areas in which the family is requesting assistance.
- Preferences ensure that the youth and family's unique perspective is taken into consideration.

The Care Manager will work with family and members of the CFT to update the Strengths and Needs Assessment to help monitor progress.

FAMILY RESPONSIBILITIES

Families play a critical role in the development and progress of the child/youth's treatment. Caregivers must remain in weekly contact with Care Managers to provide detailed updates regarding treatment. Caregivers must be active in collaboration, attend all CFT meetings and participate in all aspects of the youth's treatment and care.

1

The only exceptions are if your child/youth expresses a desire to harm themselves or others, or if abuse/neglect is suspected.

2

DUTY TO WARN

In 2018, New Jersey revised an existing Duty to Warn Law, NJ has instituted a new law that strengthens the existing NJ Duty to Warn or Protect Law. It is designed to limit access to firearms by individuals who may pose a threat to themselves or others. Duty to Warn or Protect law requires any Licensed Clinical Social Worker (and any other licensed health/mental health professional), who has reason to believe that a client poses a threat to themselves or others and that the client is likely to act on the threat, must report this information to the chief law enforcement officer in the municipality where the client lives. Therefore, Ocean Partnership for Children will be required to call the local police department when brought for a psychiatric emergency screening (PESS) due to threat to themselves or others. Please note that only identifying information, including name and other non clinical identifying information, is permitted. While our goal at OPC is to adhere to the highest level of confidentiality, we want to be certain you and your family are aware of the steps required by law that will be taking place in order to ensure safety of all.
