

About Us

Ocean Partnership for Children (OPC) is Ocean County's Care Management Organization (CMO). OPC provides care management services to youth up to age 21 years old with complex behavioral health, mental health, substance use, intellectual, and developmental needs and their families using a wraparound model of care. OPC strives to keep children and adolescents at home, in school, and in the community by connecting them to resources that meet their unique needs. Services are provided at no cost to the youth and family.

Our mission is simple: to enhance the wellbeing of youth and families through natural and community supports.
